## COVID 19

The pilgrimage organisers are committed to providing a safe and positive experience for all pilgrims. Given the health and safety concerns related to COVID 19, it is important that the following additional protocols are adhered to for the 2021 Epiphany Pilgrimage:

1. Anyone who has had flu-like symptoms in the week before the pilgrimage or during the pilgrimage must provide confirmation that they have been tested for COVID-19 and the test has come back with a negative reading before joining the pilgrimage.
2. All pilgrims are expected to bring sufficient personal resources on the pilgrimage. This includes food, water bottles, sunscreen, bandages, clothing, sleeping gear, etc. Given the contagious nature of COVID-19, it is not possible for pilgrims to share resources on the pilgrimage.
3. If you are feeling unwell, unsafe or have concerns about the health or safety of any of the other pilgrims, please raise your concerns as soon as possible with one of the pilgrim leaders.
4. Pilgrims are required to maintain social distancing in accordance with NSW Health Guidelines.

In accordance with COVID-Safe requirements, I confirm the following:

I understand that I will not be able to attend the pilgrimage if I have experienced flu-like symptoms prior to, or during, the pilgrimage unless I provide a medical clearance to the pilgrimage organisers.

If I travel overseas or interstate in the two weeks before the pilgrimage I will advise the pilgrimage organisers prior to the pilgrimage.
